We had a great Volleyball Season. We had seventeen girls on the volleyball team. The team really worked together and had a great season. The middle school volleyball team finished the season with a record of 7-2 for the "A" team. We played and won against Phoenix Day School for the Deaf while playing three out of five matches.
As for the "B" team, despite the fact we only played a few games, the girls enjoyed themselves learning how to play volleyball for the first time. We won all 3 games, especially for those who played for the first time ever! We are very proud of all girls on the team! You're #1 in our eyes!!

Coach & Managers

Our soccer season started on November and i was both of the caches first time ever coaching a soccer team. We had the most amazing group of girls who were very dedicated playing for ASDB. More often than not, the team-taught the coaches how to play It was great seeing how wonderful these girls played together/ We were incredibly impresse with their sportmanship and begining 'team-player's'. We lost on all of our games but this did not dampen our team's spirit/ Our soccer team were very determined to win and we will next year.

Academic Bowl

Knowledge is the key to open new doors.

The 200 Western Regional Academic Bowl, which ASDB hosted, was VERY succesful! Sixteen teams from the west competed for the opportunity to go to the Nationals. Our Academic Bowl team played really well this year considering we had three new members. I believe everyone had a good time!
I wish the best of luck to the future team!
